

DEEPAK KUMAR SAHU

Computer Science & Engineering Student | Machine Learning & AI Enthusiast

+91 8260902534 | ds2998625@gmail.com | [linkedin.com/in/deepak-sahu-82179738b](https://www.linkedin.com/in/deepak-sahu-82179738b)

PROFESSIONAL SUMMARY

Passionate Computer Science & Engineering student with a strong interest in Machine Learning, Artificial Intelligence, and Software Development. Skilled in Python, Java, HTML, CSS, and JavaScript, with a keen interest in developing real-world AI solutions. Currently building an AI-powered job recommendation platform while continuously strengthening my knowledge through hands-on projects and professional certifications. Seeking a Machine Learning / AI / Software Development internship to apply technical skills, gain industry experience, and contribute to innovative solutions.

EDUCATION

B.Tech, Computer Science & Engineering — ITER, SOA University, Bhubaneswar	CGPA: 7.0
Higher Secondary (Class XII)	72.55%
Secondary (Class X)	90.83%

SKILLS

Programming Languages: Python, Java, JavaScript

Web Technologies: HTML5, CSS3

Machine Learning: NumPy, Pandas, Scikit-learn (currently building proficiency)

Tools: Git, VS Code, Jupyter Notebook

Core Subjects: Object-Oriented Programming (OOP), Data Structures & Algorithms, Problem Solving

PROJECTS

Swipe-Based Intelligent Job Discovery and Career Assistance Platform (Ongoing) — Python, HTML, CSS, JavaScript

- Developing a swipe-based platform to simplify job discovery and personalized career guidance.
- Building a responsive, user-friendly interface for seamless job browsing across devices.
- Exploring machine learning techniques to power intelligent, personalized job recommendations.
- Focused on improving overall user experience and career-assistance intelligence.

House Price Prediction using Machine Learning (Academic Project) — Python, Pandas, NumPy, Scikit-learn

- Built a machine learning model to predict house prices using historical property data.
- Performed data preprocessing, feature engineering, and exploratory data analysis (EDA).
- Trained and evaluated multiple regression models using Scikit-learn.
- Strengthened practical knowledge of supervised machine learning and predictive analytics.

EXPERIENCE

Python Intern — Whizzo Infotech Pvt. Ltd.

Sep 2024 – Nov 2024

- Completed a hands-on Python internship program, strengthening core programming and problem-solving skills through applied project work.

Virtual Internship — Infosys Springboard (Internship 7.0)

- Selected/shortlisted for the Infosys Springboard Virtual Internship 7.0, gaining exposure to industry-aligned project simulations.

JOB SIMULATIONS

- Tata Group — GenAI Powered Data Analytics Job Simulation (Forage)

CERTIFICATIONS & TRAINING

- be10x — AI Tools Workshop (ChatGPT & AI Productivity)
- IBM SkillsBuild — Getting Started with Artificial Intelligence
- Anthropic — AI Fluency: Framework & Foundations
